1. INTRODUCTION TO PPS INVESTMENTS

PPS Investments, a wholly-owned subsidiary of the Professional Provident Society of South Africa (PPS), was launched in 2007 and today has assets totaling in excess of R25bn.

Why choose PPS Investments?

PPS Investments is the savings and investment provider of choice for graduate professionals. Our rigorous research and analysis provides our clients with informed choices of transparent and flexible solutions towards the creation and management of long-term wealth.

FINANCIAL STRENGTH AND HISTORY

PPS has an established and reputable standing in the financial services industry. It has displayed consistent financial strength and stability over its 75-year history and continues to apply a member-centered approach. As a PPS subsidiary, PPS Investments applies this same focus to our investors' long-term interests.

CLEAR AND SIMPLE INVESTMENT PRODUCTS

We understand that the world of investments can seem confusing and overwhelming. We provide investment solutions that make the complexities of financial planning more manageable.

We offer:

A comprehensive range of investment products

Our investment products are tailored to offer simple yet sophisticated solutions to your clients' investment needs throughout all life stages.

Premium unit trusts as underlying investment options

Your clients can choose from the unit trusts offered by PPS Multi-Managers and other quality asset managers when selecting the underlying investments for their products.

A simpler selection process

The asset managers and unit trusts included on our investment platform have been appointed following a very strict selection process. When investing in one of these

unit trusts your clients have the assurance of knowing that most of their research has already been done for them.

PPS Multi-Managers has further constructed risk profiled multi-managed unit trusts, assisting you in structuring investment portfolios that serve a range of needs.

TRANSPARENT AND COMPETITIVE FEES

We know it's important for your clients to understand how much they're paying for their investments, and exactly what they're paying for. Our highly competitive fee structure is fully disclosed and easily accessible.

PROFIT ALLOCATION

By investing with PPS Investments, investors are not only assured of the highest investment standards, but also earn a portion of the PPS Investments profit allocation as qualifying PPS members.

PROFESSIONAL INVESTMENTS FOR ALL

Everyone can benefit from the expertise offered by PPS Investments even if they are not a PPS member.

Our range has become increasingly popular not only among investors who are not eligible for PPS membership but also among PPS members themselves, as they seek to provide their families with access to investments of the same standard and quality that they are able to enjoy.

ADDITIONAL PROFIT ALLOCATION OPPORTUNITY

PPS Investments clients who are qualifying PPS members may link their spouse's and/or children's PPS Investments client number to their PPS member number to receive an additional profit allocation.

Your client's allocated profits would therefore be based not only on the value of their own qualifying assets managed by PPS Investments but also those of their linked spouse and/or children in any OPN solution.

More comprehensive information on the requirements related to linking your clients' investments is provided on the application form, obtainable from your investment specialist.

About PPS

PPS was founded in 1941 with the single purpose of protecting the skills and proficiencies of graduate professionals. Established by a group of eight dentists who recognised that a working professional's most valuable asset was their own expertise, PPS still seeks to protect these professionals from being unable to practice their chosen vocation due to sickness or injury today.

PPS branched out into the PPS Group and launched PPS Insurance in 2001. Having further launched PPS Investments in 2007, PPS ensured that it could look after the health, wealth and security of its members through a range of financial services specifically designed for professionals.

Backed by over 75 years of experience, PPS boasts a strong governance structure and a continually growing membership base. It therefore provides a solid foundation as the holding company of PPS Investments, which has since been able to establish itself as a preferred investment provider in the professional market.

The company is led by a group of men and women who are driven by the desire to provide investors with a practical range of premium products. This highly experienced leadership team and the balance of our staff complement are committed to effective client service, reliable information systems and back office support.

What makes PPS unique?

PPS's key differentiating factor is its ethos of mutuality: It exists solely for the benefit of its members and has no external shareholders. This unique advantage sets PPS apart from all other South African insurers. And it means that the profit the Group generates - from its insurance and investment businesses - accrues exclusively back to PPS members.

Profits are distributed to members through a non-vesting account known as the **PPS Profit-Share Account**. Qualifying PPS members receive allocations of this profit based on the number of insurance policies and investments they hold within the PPS Group. The more Units of Benefit in a member's PPS Sickness and Permanent Incapacity Benefit, the more PPS Provider™ products the member holds and the larger the accompanying policy premiums, the greater the profit allocation from PPS Insurance. Similarly, allocations from the contributions that PPS Investments makes to PPS Insurance are based on the size of a member's total investment with PPS Investments, and how much the member has invested in the PPS Portfolios.

Members' profit allocations will be made regardless of their claim history or status. In addition, they will also share in the returns these profits have generated through being distributed to the PPS Profit-Share Account.

HOW DOES THE PPS PROFIT-SHARE ACCOUNT WORK?

There are three phases to a member's PPS Profit-Share Account:

- **Accumulation phase - Before age 55**

A member's **PPS Profit-Share Account** is credited with their share of the PPS Group's operating profits, as well as a share of the returns earned on the Group's accumulated profits.

- **Pre-retirement phase - Age 55 to retirement**

As members draw closer to retirement, PPS provides the opportunity for them to decide how their portion of the PPS Profit-Share Account is invested through the **PPS Profit-Share Account Portfolio Choice**. They can therefore ensure that the investment objectives of their PPS Profit-Share Account are wholly aligned to those of their existing retirement products.

- **Post-retirement phase - Upon professional retirement: From age 60**

The PPS Profit-Share Account becomes accessible at retirement, normally at the age of 66, through the **Vested PPS Profit-Share Account**. (Earlier retirement is also permissible between the ages of 60 and 66, but will result in earlier cancellation of the member's PPS Sickness and Permanent Incapacity Benefit).

Members then have the opportunity to utilise their accumulated profits through the Vested PPS Profit-Share Account as part of their retirement strategies. They can set up unrestricted withdrawals from their Vested PPS Profit-Share Accounts to supplement their retirement income and retain full control over how these funds are invested. They will also continue to share in the contributions that PPS Investments makes to PPS Insurance for as long as their Vested PPS Profit-Share Account remains active and they are invested with PPS Investments.

2. HOW DOES PPS INVESTMENTS SUPPORT ME?

WITH PPS INVESTMENTS, YOU HAVE ACCESS TO:

1. **Dedicated Investment Specialists.**
2. **A Secure Online Services portal for you to transact anytime, anywhere.**
3. **Leading asset managers.**
4. **A professional and dedicated Client Service Centre.**
5. **Latest insights and value added communication.**

For your convenience, we have included more information about the Secure Online Services portal and our Client Service Centre.

MORE ABOUT SECURE ONLINE SERVICES

Secure Online Services

PPS Investments has developed a secure online portal, allowing you and your clients access to their investment portfolios 24/7, 365 days a year.

It's also designed to make it easy for you to do business and offer your clients the support they need.

You can:

- Create new client proposals, automatically updated with client details on record.
- Automatically convert pre-populated quote to pre-populated application form.
- Create pre-populated transaction forms for existing clients.
- Submit client transactions for processing online.
- Track transactions and new instructions in real time.
- Provide clients with an automated, detailed investment review.
- Analyse your book.
- Your clients are able to accept or decline certain instructions with a click of a button, and a signature may not be required.

(Please note that there is a delay of two working days in the information published).

MORE ABOUT OUR DEDICATED CLIENT SERVICE CENTRE

Our dedicated client services teams are available between 08:00 and 17:00, Mondays to Fridays.

Tax			
This is a guide. Please refer to current tax legislation and product rules for details, or consult a tax specialist.			
Pre-retirement withdrawal tax	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax on withdrawals at/post retirement	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax within product	Local dividends are taxed (20%) and withheld before distributions are reinvested.	Savings will be taxed on net realised capital gains (12%) and interest (30%) within the product. Local dividends are taxed (20%) and withheld before distributions are reinvested.	No tax is payable on interest, dividends or realised capital gains or losses that investors earn on their investment.
Tax considerations	Investors will be taxed on net realised capital gains and interest after individual exemptions (annual interest exemptions and capital gains exclusions) in their own capacity and not within the product.	Investors are not taxed in their own hands, but should be aware of the applicable tax rate of the relevant policyholder fund, as the tax rate applicable within an endowment plan is the average rate payable by the life company, rather than by an individual.	If the investor exceeds their annual contribution limit of R33 000 per tax year, this will lead to a penalty tax of 40% on the over-contributed amounts. If the investor exceeds the lifetime contribution limit of R500 000, this will lead to a penalty tax of 40% on the over-contributed amount. Penalty tax will be imposed by the SARS at the end of the tax year.

* Legislation does not currently permit transfers between product providers.

Tax	This is a guide. Please refer to current tax legislation and product rules for details, or consult a tax specialist.			
Pre-retirement withdrawal tax	<p>Withdrawals taxed as retirement fund lump sum withdrawal benefit.</p> <p>(Tax provisions due to permanent disability, divorce order, death, ceasing to be a resident or departing from the RSA on the expiry of a work or visiting visa, will differ).</p>	<p>Withdrawals taxed as retirement fund lump sum withdrawal benefit.</p> <p>(Tax provisions due to permanent disability, divorce order, death, ceasing to be a resident or departing from the RSA on the expiry of a work or visiting visa, will differ).</p>	Taxed as retirement fund lump sum withdrawal benefit.	N/A
Tax on withdrawals at/post retirement	Taxed as retirement fund lump sum benefit.	Taxed as retirement fund lump sum benefit.	Taxed as retirement fund lump sum benefit.	Income taxed as gross income according to the Income Tax Table, based on total income paid by product provider.
Tax within product	<p>Investor will not be taxed on net realised capital gains or interest within the product.</p> <p>Local dividends are not taxed before distributions are reinvested.</p> <p>Interest, foreign dividends and rental income are currently untaxed.</p>	<p>Investor will not be taxed on net realised capital gains or interest within the product.</p> <p>Local dividends are not taxed before distributions are reinvested.</p> <p>Interest, foreign dividends and rental income are currently untaxed.</p>	<p>Investor will not be taxed on net realised capital gains or interest within the product.</p> <p>Local dividends are not taxed before distributions are reinvested.</p> <p>Interest, foreign dividends and rental income are currently untaxed.</p>	<p>Investor will not be taxed on net realised capital gains or interest within the product.</p> <p>Local dividends are not taxed before distributions are reinvested.</p>
Tax considerations	<p>Amounts contributed to pension funds, provident funds and retirement annuity funds during a tax year are deductible by members of those funds. The deduction is limited to 27.5% of the greater of remuneration for PAYE purposes or taxable income (both excluding retirement fund and severance benefits). Furthermore, the deduction is limited to a maximum of R350 000.</p> <p>Any contributions exceeding the limitations are carried forward to the next tax year and are deemed to be contributed in that following year. Any unclaimed contributions may also reduce the taxable amount of a lump sum taken at withdrawal, retirement or death, and will reduce the taxable amount of the annuity income upon retirement.</p>		<p>Legislation allows only one early withdrawal from each preservation fund the investor has, and this is cumulatively taxed at withdrawal lump sum rates.</p> <p>The investor should consider the impact of any previous early withdrawals made from other preservation funds, when considering an early withdrawal from this preservation fund.</p>	<p>Investors should be aware of the tax implications of multiple annuity streams, since tax will be deducted from the annuity income payments received from the PPS Living Annuity in accordance with prevailing income tax legislation, unless specified otherwise.</p>

THE PPS RETIREMENT ANNUITY OFFERED BY PPS INVESTMENTS

In 2010, the Trustees of the PPS Retirement Annuity introduced a new section within this retirement fund. Whereas members previously only had access to a traditional, policy-based retirement annuity offered by an insurer, the new section offered by PPS Investments provides access to the benefits of a modern, unit trust-based retirement annuity.

In 2012, the Trustees decided to direct all new investments to this modern, unit trust-based section only.

RETIREMENT ANNUITY		
Pre 2010	From 2010	From 2012
Traditional policy-based membership of the PPS Retirement Annuity	Traditional policy based membership of the PPS Retirement Annuity	Traditional* policy based membership of the PPS Retirement Annuity
	Modern unit trust-based membership of the PPS Retirement Annuity	Modern unit trust-based membership of the PPS Retirement Annuity

*Not available to new investors

Intra-fund conversions

You are able to assist your clients in moving from the policy-based section of the PPS Retirement Annuity to the unit trust based section by means of an Intra-fund conversion.

With an Intra-fund conversion, your clients:

- Can remain invested in the PPS Retirement Annuity but can access the benefits of a new generation retirement annuity;
- Can access these benefits much faster than a transfer to another unit trust-based retirement annuity would allow; and
- Continue to contribute to the PPS profits they stand to share in.

As with all underwritten retirement annuities, there are potential costs attached when moving out of the policy-based section of the PPS Retirement Annuity. The underwriter of this section may apply termination charges and, although subject to certain legal maxima, these can be quite considerable.

However, the cost savings associated with converting to a modern retirement annuity may outweigh the potential termination charges.

It is essential that your clients understand and evaluate the impact of applicable termination charges when contemplating a conversion.

Currently, mature underwritten policies for which no preferred course of action has been indicated are automatically transferred to the unit trust-based section of the Fund and invested in the PPS Conservative Fund of Funds.

PPS PROFIT-SHARE ACCOUNT	
Vested PPS Profit-Share Account	
Access	Upon retiring from their PPS Insurance products, the profits PPS members have accumulated over the course of their PPS membership become accessible via the Vested PPS Profit-Share Account.
Lifestage	The Vested PPS Profit-Share Account provides members with a unique retirement asset.
Investment rationale	The Vested PPS Profit-Share Account allows members to: <ol style="list-style-type: none">1. Reinvest their profits to generate further returns;2. Supplement and prolong other retirement income by making withdrawals as they need to; and3. Continue sharing in PPS profits attributable to PPS Investments.
Term	Until death
Profit sharing	Ongoing contributions to members will be determined based on the total amount invested with PPS Investments (across all PPS Investments products) and amounts invested in the PPS Portfolios.
Transactions	
Contributions	No additional investment contributions are allowed.
Withdrawals	Members have unrestricted access and can set up regular withdrawals to supplement retirement income or make partial and full withdrawals.
Transfers	Members are able to transfer their savings to another PPS Investments product more suited to their individual requirements and retirement strategy. The Vested PPS Profit-Share Account will remain active and the member will continue to receive profit allocations for as long as he or she remains invested with PPS Investments.
Loans	Not allowed
Cessions	Not allowed
Switches	Yes
Tax	
This is a guide. Please refer to current tax legislation and product rules for details, or consult a tax specialist.	
Tax on withdrawals	The proceeds of a withdrawal are tax free in your hands and all tax reporting responsibility is removed from you. All taxes due and payable are levied within your Vested PPS Profit-Share Account.
Tax within product	Most taxable growth (interest, net rental income and foreign dividends) is taxed at 30% for individuals while local dividends are taxed at 20% and realised capital gains at 12%.
Vesting	The PPS Profit-Share Account vests at retirement normally at the age of 66. Earlier retirement is also permissible between the ages of 60 and 66 but this will result in the cancellation of your PPS Sickness and Permanent Incapacity benefit. Members who choose to retain their PPS Sickness and Permanent Incapacity benefit post the age of 66 have the option to delay the vesting of the PPS Profit-Share Account until they cancel these benefits.

Withdrawals above R7 000 are allowed due to permanent disability, divorce order, death, ceasing to be a resident or departing from the RSA on the expiry of a work or visiting visa.	<p>You may make one withdrawal up to the full value of the preservation fund before retirement. Where the source of the fund is *GEPPF, the withdrawal will be limited to one-third of the value.</p> <p>*Government Employee Pension Fund</p>	N/A
Withdrawals post retirement	<p>Can take up to 1/3rd as lump sum on reaching retirement; remainder commuted to post retirement income.</p> <p>Currently, you may withdraw one third of your accumulated funds as a lump sum upon retirement and must use the remaining two thirds of the capital for the provision of an annuity. If the total retirement benefit in the Fund is R247 500 or less, you may commute the total capital as a lump sum benefit.</p>	<p>On reaching retirement:</p> <p>Preservation provident plan: Can take up to 100% as lump sum.</p> <p>Preservation pension plan: Can take up to 1/3rd as lump sum; remainder commuted to post retirement income.</p> <p>Currently, you may withdraw one third of your accumulated funds as a lump sum upon retirement and must use the remaining two thirds of the capital for the provision of an annuity. If the total retirement benefit in the Fund is R247 500 or less, you may commute the total capital as a lump sum benefit.</p>	<p>Must withdraw between 2.5% and 17.5% p.a. as income.</p> <ul style="list-style-type: none"> - Full withdrawal can be taken if policy value is less than either: - R75 000 (no cash portion taken at retirement); or - R50 000 (cash portion taken at retirement).
Cessions	No	No	No
Transfers	Yes, via Section 14 transfer	Yes, via Section 14 transfer	Yes, via Section 37 transfer

DISCRETIONARY (OWN) MONEY			
Product name	OPN Investment Account	OPN Endowment Plan	OPN Tax Free Investment Account
Tax			
This is a guide. Please refer to current tax legislation and product rules for details, or consult a tax specialist.			
Pre-retirement withdrawal tax	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax on withdrawal at/post retirement	No tax applicable on investment withdrawals (see "Tax within product" below).	Benefits are paid after tax (see "Tax within product" below).	No tax applicable on investment withdrawals (see "Tax within product" below).
Tax within product	Local dividends are taxed (20%) and withheld before distributions are reinvested.	Savings will be taxed on net realised capital gains (12%) and interest (30%) within the product. Local dividends are taxed (20%) and withheld before distributions are reinvested.	No tax is payable on interest, dividends or realised capital gains or losses that you earn on your investment.
Tax considerations	Investors will be taxed on net realised capital gains and interest after individual exemptions (annual interest exemptions and capital gains exclusions) in their own capacity and not within the product.	Investors are not taxed in their own hands, but should be aware of the applicable tax rate of the relevant policyholder fund, as the tax rate applicable within an endowment plan is the average rate payable by the life company, rather than by an individual.	If the investor exceeds their annual contribution limit of R33 000 per tax year, this will lead to a penalty tax of 40% on the over-contributed amounts. If the investor exceeds the lifetime contribution limit of R500 000, this will lead to a penalty tax of 40% on the over-contributed amount. Penalty tax will be imposed by the SARS at the end of the tax year.

CONTRACTUAL MONEY

Tax			
This is a guide. Please refer to current tax legislation and product rules for details, or consult a tax specialist.			
Pre-retirement withdrawal tax	Withdrawals taxed as retirement fund lump sum withdrawal benefit. (Tax provisions due to permanent disability, divorce order, death, ceasing to be a resident or departing from the RSA on the expiry of a work or visiting visa, will differ).	Taxed as retirement fund lump sum withdrawal benefit.	N/A
Tax on withdrawals at/post retirement	Taxed as retirement fund lump sum benefit.	Taxed as retirement fund lump sum benefit.	Income taxed as gross income according to the Income Tax Table, based on total income paid by product provider.
Tax within product	Investor will not be taxed on net realised capital gains or interest within the product. Local dividends are not taxed before distributions are reinvested. Interest, foreign dividends and rental income are currently untaxed.	Investor will not be taxed on net realised capital gains or interest within the product. Local dividends are not taxed before distributions are reinvested. Interest, foreign dividends and rental income are currently untaxed.	Investor will not be taxed on net realised capital gains or interest within the product. Local dividends are not taxed before distributions are reinvested.
Tax considerations	Amounts contributed to pension funds, provident funds and retirement annuity funds during a tax year are deductible by members of those funds. The deduction is limited to 27.5% of the greater of remuneration for PAYE purposes or taxable income (both excluding retirement fund and severance benefits). Furthermore, the deduction is limited to a maximum of R350 000. Any contributions exceeding the limitations are carried forward to the next tax year and are deemed to be contributed in that following year. Any unclaimed contributions may also reduce the taxable amount of a lump sum taken at withdrawal, retirement or death, and will reduce the taxable amount of the annuity income upon retirement.	Legislation allows only one early withdrawal from each preservation fund the investor has, and this is cumulatively taxed at withdrawal lump sum rates. The investor should consider the impact of any previous early withdrawals made from other preservation funds, when considering making an early withdrawal from this preservation fund.	Investor should be aware of the tax implications of multiple annuity streams, since tax will be deducted from the annuity income payments received from the OPN Living Annuity in accordance with prevailing income tax legislation, unless specified otherwise.

Tax on withdrawals at post retirement	Taxed as retirement fund lump sum benefit.
Tax within product	Investor will not be taxed on net realised capital gains or interest within the product. Local dividends are not taxed before distributions are reinvested. Interest, foreign dividends and rental income are currently untaxed.

4. MORE ON OUR FUND RANGE

We provide solutions to help you save and invest. For consistent growth and carefully managed risk, PPS Investments offers multi-managed unit trusts which combine the strengths of several reputable asset managers.

We offer two fund ranges: The **Original range** (for investments made before 1 October 2014 and now closed to new investments) and the **Select range** (for investments made after 1 October 2014).

AT PPS MULTI-MANAGERS:

1. We manage asset allocation strategies;
2. We determine which asset managers are best positioned to execute these strategies successfully; and
3. We seek out complementary manager combinations.

This means that when you choose a PPS Portfolio, your investment research has already been done.

By outsourcing these decisions to investment professionals, you are able to reduce the time spent on managing and rebalancing portfolios and are left with more time to focus on building client relationships.

A multi-managed portfolio offers your clients:

- A diversified, actively managed investment;
- Access to a range of quality managers at attractive prices;
- More consistent returns, as we combine managers with complementary strengths;
- Lower investment risk, as we reduce our dependency on any single strategy;
- In our portfolios, alignment between the way we manage a portfolio and your client's objectives; and
- For qualifying PPS members, the opportunity for increased profit share: All profits attributable to the PPS Portfolios accrue to PPS members who have invested in them.

SINGLE MANAGER FUNDS OFFERED ON OUR PLATFORM

Our Investment Policy Committee (“IPC”) oversees the selection of single manager unit trusts onto our platform. In doing so, we have assembled a carefully constructed range of unit trusts from recognised asset managers. The IPC continuously monitors these asset managers to ensure that we continue to provide you with access to an appropriate selection of investment alternatives that can be applied across our entire product range.

PPS Investments has partnered with the following professional asset managers:

PPS MANAGED SHARE PORTFOLIO

Offered in conjunction with a stockbroker, the PPS Managed Share Portfolio allows your clients to invest a portion of their retirement funds in securities listed on South African exchanges, such as the local stock market (JSE).

This gives your clients access to professional stockbroking expertise and allows them to tailor a bespoke securities portfolio alongside their unit trust investments.

PRODUCTS AVAILABLE FOR INVESTMENT

- PPS Personal Pension
- PPS Preservation Pension Fund
- PPS Preservation Provident Fund
- PPS Retirement Annuity
- PPS Living Annuity

- OPN Personal Pension
- OPN Preservation Pension Plan
- OPN Preservation Provident Plan
- OPN Living Annuity

MINIMUM INVESTMENT AMOUNTS:

Initial investment: R1 000 000

Additional contributions: R100 000

INVESTMENT MANDATES:

1. Regulation 28 Managed Share Portfolio:

Unit trusts are used to balance the equity exposure provided by the share portfolio so that the investment remains within Regulation 28 asset class limits.

An investor may invest a maximum of 97% of the overall investment amount in this share portfolio. The remainder (at least 3%) is required to be invested in a Regulation 28 compliant manner in unit trusts on the PPS Investments platform.

This will provide for the payment of annual advice and administration fees.

2. Equity Focused Managed Share Portfolio:

The stockbroker has a mandate to invest purely in equity (local listed shares).

An investor may invest a maximum of 70% of the overall investment amount in this share portfolio. The remainder is required to be invested in unit trusts on the PPS Investments platform, with at least 25% of this amount invested in non-equity unit trusts. This is both to provide for the payment of annual advice and administration fees as well as to ensure compliance with Regulation 28 of the Pension Funds Act.

5. HOW DOES PPS INVESTMENTS' FEE STRUCTURE WORK?

There are three types of fees your client may have to pay:

Please note: All fees quoted exclude VAT. VAT will be levied at the standard rate, where applicable.

ORIGINAL FUND RANGE:

1. Advice fees

These are charged by you for appropriately advising your clients on how to structure their portfolios.

Product	Advice fees	
	Maximum initial advice fee	Maximum ongoing advice fee
PPS & OPN Investment Account	3%	1%
PPS & OPN Endowment Plan	3%	1%
PPS Retirement Annuity	3%	1%
PPS & OPN Personal Pension	3%	1%
PPS Preservation Funds & OPN Preservation Plans	3%	1%
PPS & OPN Living Annuity	1.5%	1%
Vested PPS Profit-Share Account*	0%	1%

*Becomes accessible to qualifying members upon retirement

2. Administration fees

These are charged by PPS Investments.

Initial	0%
Ongoing	Scaled administration fee (A) less partnership saving (B) i.e. (A-B)

PPS Investments **reduces** its annual administration fee by the following:

A) A sliding scale based on the total amount your client has invested with us, across all investment products:

Investment amount	Sliding scale
Up to the first R500,000	0.70%
R500,001 - R1,500,000	0.50%
R1,500,001 - R2,500,000	0.45%
Above R2,500,000	0.40%

Please note:

- The PPS Enhanced Yield Fund charges a fixed administration fee of 0.40% and a partnership saving of 0.40%. The Coronation Money Market Fund charges a fixed administration fee of 0.475% and offers no partnership saving. Investments into both these unit trusts are excluded when applying the sliding scale.
- An additional administration fee of 0.15% (excl. VAT) p.a. is applicable to amounts invested in the PPS Managed Share Portfolio.

B) Partnership savings negotiated with the asset managers available on the PPS Investments platform. These are unit trust dependant and range from 0% to 0.45%. Please refer to the relevant Investment Option Schedule on your Secure Online Services profile for details.

For example:

Investment amount	Scaled administration fee	Partnership saving	Actual administration fee
R1,000,000	0.60%	0.40%	0.20%

C) There are no additional fees levied should your clients reduce or cease their monthly premiums or should they switch between different underlying unit trusts. (However, where underlying asset managers charge an initial fee, this would be applied upon switching to their unit trusts.)

3. Asset management fees

You are able to choose from a selection of asset managers available on the PPS Investments platform or from the PPS Portfolios managed by PPS Multi-Managers. You may also include the PPS Managed Share Portfolio in your retirement funds.

Initial	0%
Ongoing	PPS Multi-Managers: 0.65% - 1.50% PPS Managed Share Portfolio: Mandate dependant** Single managers: Fund dependent***

**All charges are set out in the relevant PPS Managed Share Portfolio mandate.

***Ongoing fees may include performance fees. Please refer to the relevant Investment Option Schedule on your Secure Online Services profile to view the exact fees applicable to each unit trust on the PPS Investments platform.

Please refer to the relevant Investment Option Schedule on your Secure Online Services profile to view the exact fees applicable to each unit trust on the PPS Investments platform.

SELECT FUND RANGE:

1) Advice fees

Product	Advice fees	
	Maximum initial advice fee	Maximum ongoing advice fee
PPS & OPN Investment Account	3%	1%
PPS & OPN Endowment Plan	3%	1%
PPS & OPN Tax Free Investment Account	3%	1%
PPS Retirement Annuity	3%	1%
PPS & OPN Personal Pension	3%	1%
PPS Preservation Funds & OPN Preservation Plans	3%	1%
PPS & OPN Living Annuity	1.5%	1%
Vested PPS Profit-Share Account*	0%	1%

*Becomes accessible to qualifying members upon retirement from PPS Insurance products

2) Administration fees

PPS Investments charges no initial administration fee and reduces ongoing administration fees based on the total amount your client has invested with us, across all investment products:

Investment amount	Ongoing administration fee
Up to R1,500,000	0.50%
Above R1,500,000	0.20%

Please note:

1. The Allan Gray Money Market Fund and PPS Enhanced Yield Fund both charge a fixed administration fee of 0.40%. Investments into these unit trusts are excluded when applying the sliding scale.
2. An additional administration fee of 0.15% (excl. VAT) p.a. is applicable to amounts invested in the PPS Managed Share Portfolio.

There are no additional fees levied if you reduce or cease your monthly premiums or if you switch between different underlying unit trusts. (However, where underlying asset managers charge an initial upfront fee, this would be applied upon switching to their unit trusts.)

3) Asset management fees

You are able to choose from a selection of asset managers available on the PPS Investments platform or from the PPS Portfolios managed by PPS Multi-Managers. You may also include the PPS Managed Share Portfolio in your retirement funds.

Initial	0%
Ongoing	PPS Multi-Managers: 0.25% - 1.05% PPS Managed Share Portfolio: Mandate dependant** Single managers: Unit trust dependant***

**All charges are set out in the relevant PPS Managed Share Portfolio mandate.

***Ongoing fees may include performance fees. Please refer to the relevant Investment Option Schedule on your Secure Online Services profile to view the exact fees applicable to each unit trust on the PPS Investments platform.

6. OUR TIMELINES AND REQUIREMENTS

To ensure efficient processing, we please require that:

MANDATORY DISCLOSURES: All information and opinions provided are of a general nature and are not intended to address the circumstances of any Financial Service Provider's (FSP) clients. Kindly note that this does not constitute financial advice. In terms of the Financial Advisory and Intermediary Services Act, a FSP should not provide advice to investors without appropriate risk analysis and thorough examination of a particular client's financial situation. The information, opinions and any communication from the PPS Investments Group [PPS Investments Proprietary Limited, PPS Multi-Managers Proprietary Limited and PPS Management Company Proprietary Limited (RF)], whether written, oral or implied are expressed in good faith and not intended as investment advice, neither does it constitute an offer or solicitation in any manner. Collective Investment Schemes (CIS) are generally medium to long term investments. The value of participatory interests (units) may go down as well as up, and past performance is not necessarily a guide to future performance. Total Expense Ratio (TER) is a measure which can be used to determine how much of the Investment Option's underlying assets are incurred as administration expenses. Transaction Cost (TC) is a measure of the total costs incurred in buying and selling assets underlying the Investment Option. TER's and TC's are expressed as a percentage of the daily net asset value of the Investment Option calculated over a period of three years on an annualised basis. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's. TC's are a necessary cost in administering the Investment Options and impact Investment Option returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER. CIS are traded at ruling prices and can engage in borrowing and scrip lending up to 10% of the market value of the portfolio to bridge insufficient liquidity. The manager does not provide any guarantee either with respect of the capital or the return of a portfolio; and may close the portfolio to new investors to ensure that the portfolio is managed according to its mandate. A fund of funds is a portfolio that invests in portfolios of collective investment schemes that levy their own charges, which could result in a higher fee structure for the fund of funds. Performance figures are from PPS Multi-Managers and Morningstar and are for lump sum investments with income distributions reinvested on the ex-dividend date. Declaration of income accruals are made half-yearly. Please note, some of the funds are exposed to foreign securities and as such, it may be subject to the additional macroeconomic and political risks brought about by this exposure. It may also be subject to currency risk, which means the underlying investments of the fund could depreciate or appreciate against the reporting currency of the investor. Because these securities are listed on other exchanges, it may be subject to the relevant regulatory authority, and thus the tax implications and legislative changes of that particular entity. There may also be delays in realising investments, due to system or liquidity issues experienced by the respective exchange. The portfolio may also be subject to settlement risk; regional market failures will impact the portfolio heavily invested therein. In addition, normal market and investment value fluctuations will occur. All PPS Multi-Managers performance figures and values are quoted after the deduction of costs and applicable taxes incurred within the Fund. The above portfolio performance is calculated on a NAV to NAV basis and does not take any initial fees into account. Actual investment performance will differ based on the initial fees applicable, the actual investment date and the date of the reinvestment of income and dividend withholding tax. Past performance is not indicative of future performance. Historical performance figures of the oldest fund class available on the PPS Investments platform are duplicated to illustrate the fund performance of relevant newer fund classes. It is calculated taking all ongoing fees into account for the amount shown relevant to the fund class. Income is reinvested on the reinvestment date. Professional Provident Society Insurance Company Limited is a member of the Association for Savings & Investment SA (ASISA). A schedule of fees, charges and maximum commissions are available on request. PPS Investments and its subsidiaries will not be held liable or responsible for any direct or consequential loss or damage suffered by any party as a result of that party acting on or failing to act on the basis of the information provided in this document.

PPS Investments (39270), PPS Multi-Managers (28733) and PPS Investment Administrators (45924) are licensed Financial Services Providers.

For more performance information, Minimum Disclosure Documents (MDDs) of the above Investment Options are available on the PPS Investments website www.ppsinvestments.co.za. (The MDD'S incorporating the updated Total Expense Ratio (TER) and Transaction Cost (TC) shall be published in line with the ASISA standard).

THOSE WHO KNOW THE VALUE OF TOMORROW, INVEST WITH US.
